Summary

Greetings, I'm Dev Kabir, an experienced developer specializing in WordPress, Shopify, and Laravel. With over 4 years of expertise in web design and database development, I have crafted more than 150 plugins for clients spanning diverse industries. These plugins have significantly boosted productivity of clients by eliminating redundant tasks. My proficiency extends to PHP, HTML, CSS, JavaScript, MySQL, and other web technologies.

Additionally, I work as a freelance web developer on Fiverr, where I have successfully delivered over 38 projects, consistently earning a 5-star rating from satisfied clients. My true passion lies in crafting visually appealing and highly functional websites that precisely meet my clients' needs and surpass their expectations.

I possess a continuous thirst for knowledge and constantly seek to expand my web development skills and toolset. Currently, I am actively seeking new opportunities to tackle challenging and exciting web development projects.

If you are interested in collaborating with me, please feel free to reach out via email, phone, or visit my website. Thank you for taking the time to explore my profile!
